These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

(A Wholly Owned Subsidiary of INTRUST Bank, N.A.)

Notes to Financial Statements

December 31, 2002

(1) Organization and Nature of Operations

INTRUST Brokerage Inc. (IBR), a wholly owned subsidiary of INTRUST Bank, N.A. (INTRUST), is a fully disclosed broker-dealer providing brokerage services to retail customers, and is a member of the National Association of Securities Dealers, Inc. and the Securities Investor Protection Corporation. IBR became a registered broker-dealer pursuant to Section 15(b) of the Securities Exchange Act of 1934 on January 2, 1998 and began operations in January 1998.

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing these financial statements, management is required to make estimates and assumptions. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies

(a) Furniture, Fixtures, and Equipment

Furniture, fixtures, and equipment are recorded at cost when acquired. IBR depreciates these assets on a straight-line method over their estimated useful lives which range from three to seven years. The cost of items retired or otherwise disposed of and the related accumulated depreciation are removed from the accounts, and any gain or loss is recorded as income or expense. Maintenance and repairs which do not extend the useful lives of the respective assets are recorded as expense when incurred.

(b) Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

(c) Income Taxes

IBR files a consolidated income tax return with INTRUST. IBR provides for income taxes as if a separate income tax return was filed and remits to INTRUST amounts determined to be currently payable. Deferred income taxes, if any, are provided to reflect the future tax consequences of differences between the tax bases of assets and liabilities and their reported amounts in the accompanying statement of financial condition.

Income taxes receivable from INTRUST totaled \$13,557 at December 31, 2002 and is included in other assets in the accompanying statement of financial condition. Deferred tax liabilities of \$4,000 at December 31, 2002 are included in accrued expenses and other liabilities.

(3) Related Party Transactions

Included in cash in the accompanying statement of financial condition at December 31, 2002 is approximately \$115,297 of cash in an account with INTRUST.

During 2002, IBR purchased \$14,521 of furniture, fixtures, and equipment from INTRUST for net book value, which approximated fair value.

INTRUST BROKERAGE INC.
(A Wholly Owned Subsidiary of INTRUST Bank, N.A.)

Notes to Financial Statements

December 31, 2002

IBR receives fee income from INTRUST for certain customer transactions. This amount totaled \$56,249 for 2002 and is included in service fee income and commissions in the accompanying statement of operations.

IBR pays management fees to INTRUST Financial Corporation (IFC), the parent of INTRUST, for certain services. This amount totaled \$58,200 for 2002 and is included in other expenses in the accompanying statement of operations.

Certain general and administrative costs, including, but not limited to, occupancy costs such as rent of building, data processing, utilities, and other services, are paid by INTRUST for IBR. These amounts are then billed to IBR based on their actual usage for each month.

The employees of IBR participate in the retirement plan of IFC. The costs of the plan are recorded on IFC's consolidated financial statements.

(4) Net Capital Requirements

IBR is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio exceeded 10 to 1). At December 31, 2002, IBR had net capital under this rule of approximately \$919,000, which was approximately \$669,000 in excess of its required net capital of \$250,000. IBR's aggregate indebtedness to net capital ratio at December 31, 2002 was .11:1.

(5) Income Taxes

The components of the provision for income taxes consist of the following:

Current:		
Federal	\$	103,000
State		23,000
		<u>126,000</u>
Deferred:		
Federal		3,000
State		1,000
		<u>4,000</u>
Total	\$	<u><u>130,000</u></u>

(6) Commitments and Contingencies

IBR is required to maintain certain cash balances with its clearing correspondents. At December 31, 2002, cash required to be held on deposit with IBR's clearing correspondents was \$75,000.

(7) Rule 15c3-3 Exemption

IBR is exempt from the SEC's Customer Protection Rule 15c3-3 under subsection (k). Under this exemption, the Computation for Determination of Reserve Requirements and Information Relating to the Possession or Control Requirements are not required.
